EKS PROFESSIONAL
Since 1945

"The Key to a Sustainable and Eco-Friendly Future."

Our ESG Commitment

At EKS, sustainability is not an option—it's a responsibility.

- Environmental (E): Our Eco-Wellness Series uses recyclable materials and energy-saving technologies to reduce carbon footprint.
- Social (S): We promote ethical supply chains, support local communities, and conduct health education and outreach.
- Governance (G): We ensure operational transparency, publish annual sustainability reports, and engage stakeholders in our ESG strategy.

ESG
SUSTAINABLE BUSINESS

EKS is...
Eco-Wellness (E)
Kindness (K)
Sustainability (S)

Inspired by Swedish Minimalism — Pure Design. Smart Living. Sustainable Future.

Founded in Sweden in 1945, EKS has grown from a pioneer in kitchen and personal scales into a global provider of eco-wellness solutions. Guided by our core values—***Trust, Responsibility, Caring, Togetherness and Excellence***—we develop high-performance products designed to support healthier lifestyles and a more sustainable world.

Our diverse product portfolio includes household appliances, health monitoring devices, and air purification systems. Designed for everyday consumers and professional environments alike—including homes, healthcare institutions, fitness centers, and hotels—EKS products deliver dependable performance with ease of use, long-term durability, and eco-conscious design.

As the world embraces wellness and sustainability, EKS leads the way with solutions that enhance health while minimizing environmental impact. Our Eco-Wellness approach integrates personal well-being with planet-friendly choices.

Our Value

Trust
Responsibility
Caring
Togetherness
Excellence

Vision

- To become a global leader in sustainable wellness solutions—improving lives through innovation while protecting the future of our planet.

Mission

- Deliver intuitive, easy-to-use products that empower individuals to manage their well-being.
- Integrate ESG (Environmental, Social, Governance) values into product design and business operations.
- Collaborate with global partners to build a sustainable health and wellness ecosystem.

Air Purifier

O3 Sterilizer

Humidifier

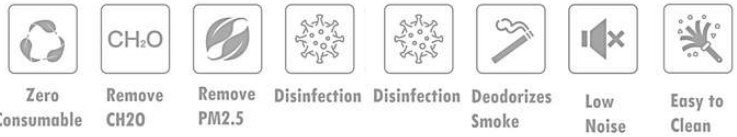
Dehumidifier

Air Purifier 0278VI

Product size: 320 x 320 x 735mm
Product material: ABS
Rated voltage: 220V
Rated power: 50W
Applicable area: 75m³
Particulate matter CADR: 550m³/h
Formaldehyde CADR: 220m³/h

Key features

- Zero consumables design with no filter replacement required
- High-quality washable air filter for long-term use
- Effectively removes formaldehyde and PM2.5
- Sterilises air and helps reduce viruses
- Removes odours and second-hand smoke
- Low-noise operation for quiet living spaces
- Easy-to-clean design for simple maintenance



Air Purifier 0277VI

Product size: 212 x 212 x 553mm
Product material: ABS
Rated voltage: 220V
Rated power: 22W
Applicable area: 50m³
Particulate matter CADR: 340m³/h
Formaldehyde CADR: 100m³/h

Key features

- Zero consumables design with no filter replacement required
- High-quality washable air filter for long-term use
- Effectively removes formaldehyde and PM2.5
- Helps sterilise air and reduce viruses
- Removes odours and second-hand smoke
- Low-noise operation for everyday comfort
- Low power consumption for energy-efficient use
- Easy-to-clean design for simple maintenance

Air Purifier 0276VI

Product size: 212 x 212 x 458mm
Product material: ABS
Rated voltage: 220V
Rated power: 17W
Applicable area: 50m³
Particulate matter CADR: 260m³/h
Formaldehyde CADR: 60m³/h

Key features

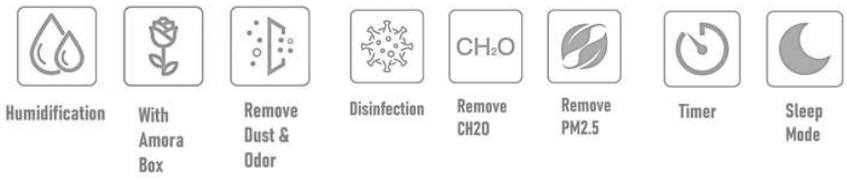
- Zero consumables design with no filter replacement required
- High-quality washable air filter for long-term use
- Effectively removes formaldehyde and PM2.5
- Helps sterilise air and reduce viruses
- Removes odours and second-hand smoke
- Low-noise operation for everyday comfort
- Low power consumption for energy-efficient use
- Easy-to-clean design for simple maintenance

Air Purifier 0269VI

Product size: 320 x 320 x 660mm
Product material: ABS
Rated voltage: DC24V
Rated power: 68W
Applicable area: 49-60m²
CADR (particulate matter): 513m³/h

Key features

- 2-in-1 Air purification with built-in humidification.
- Aromatherapy Compatible
- Bacteria & Virus Removal
- Mold & Toxin Reduction
- Advanced Filtration large dust, PM2.5, and PM0.3 pollutants.
- Odor Elimination: Removes unwanted smells for cleaner air.
- Timer, sleep mode, and auto mode for convenience.
- Customizable Airflow: Adjustable wind speed for different needs.
- Quiet & Efficient: Low-noise operation for undisturbed use.



Air Purifier 0280VI

Product size: 295 x 170 x 410mm
Product material: ABS
Rated voltage: DC24V
Rated power: 32W
Applicable area: 40m²
CADR (particulate matter): 320m³/h
CADR (formaldehyde): 100m³/h

Key Features:

- Efficient Filtration: Double-sided inlet, plate filter.
- Multiple Modes: Low, medium, high, powerful, auto.
- Aromatherapy (Optional): Use essential oils.
- Air Monitoring: Digital air quality display.
- Smart Control: APP for remote use.
- Adaptive Operation: Auto & sleep modes.
- Safety Lock: Child lock feature and Auto shutdown.
- Durable & Efficient: BLDC motor, energy-saving.

Air Purifier 0279VI

Product size: 240x240x400mm
Product material: high-grade ABS material
Rated voltage: DC24V
Rated power: 68W
Water tank capacity: 1.5L
Applicable area: 30m²
Humidification volume: 100ml/h
CADR (particulate matter): 220m³/h

Key Features:

- 2-in-1 purification and humidification for balanced indoor air
- Silent, low-noise operation for everyday comfort
- Multi-layer filtration for effective air cleaning
- 360° air intake for efficient circulation
- Helps reduce mites and sterilise the air
- Removes formaldehyde and airborne toxins
- Eliminates dust and unpleasant odours
- Real-time air quality monitoring

Air Purifier 0281VI

Product size: 387 x 310 x 170 mm
Product material: ABS
Rated Voltage: 24V
Rated Power: 36W
Applicable Area: 36m²
CADR (Particulate Matter): 300m³/h

Key Features:

- Double-sided air intake for efficient air purification
- Smoke and dust sensor for continuous air monitoring
- Energy-efficient DC motor with low noise operation
- Air quality indicator light for clear status display
- Digital PM2.5 display for accurate measurement
- Child lock for added safety
- Three fan speed settings for everyday use
- Automatic mode for intelligent adjustment
- Quiet sleep mode for peaceful living spaces

Air Purifier 0281VI+ (Plus)

Product Dimensions: 415 x 310 x 170 mm
Product Material: ABS
Rated Voltage: 24V
Rated Power: 36W
Applicable Area: 36m²
CADR (Particulate Matter): 300m³/h

Key Features:

- Double-sided air intake for efficient air purification
- Smoke and dust sensor for continuous air monitoring
- Energy-efficient DC motor with low noise operation
- Air quality indicator light for clear status display
- Digital PM2.5 display for accurate measurement
- Child lock for added safety
- Three fan speed settings for everyday use
- Automatic mode for intelligent adjustment
- Quiet sleep mode for peaceful living spaces
- Portable with handle

Air Purifier 0283VI

Product Dimensions: 297 x 176 x 176mm
Product Material: ABS
Rated Voltage: 12V
Rated Power: 10W
Applicable Area: 20m²
CADR (Particulate Matter): 100m³/h

Key Features:

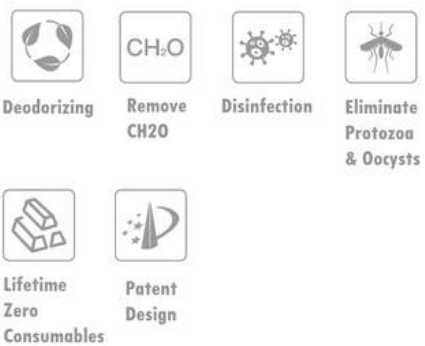
- Energy-efficient DC brushless motor for reliable performance
- Soft ambient lighting for a calm indoor atmosphere
- Timer function for flexible daily use
- Silent operation for peaceful living spaces

Air Purifier 0284VI

Product Dimensions: 297 x 176 x 176mm
Product Material: ABS
Rated Voltage: 12V
Rated Power: 10W
Applicable Area: 20m²
CADR (Particulate Matter): 100m³/h

Key Features:

- Energy-efficient DC brushless motor for reliable performance
- Soft ambient lighting for a calm indoor atmosphere
- Timer function for flexible daily use
- Silent operation for peaceful living spaces



O3 Sterilizer 2004VI

Product Size: 85.8 x 150.7 x 41.5mm
Case Material: ABS
Power Supply: DC12V / 1.2A
Rated Power: 9W
Coverage Area: 15-50m2

Key Features:

- Powerful oxidising action to help eliminate germs and odours
- Helps break down bacteria, viruses, and microorganisms on surfaces
- Lifetime zero-consumables design with no replacement parts
- Patented low-nitrogen, low-oxygen ozone generation technology
- Helps decompose toluene into water and carbon dioxide
- Helps decompose formaldehyde into water and carbon dioxide

Humidifier 0239VI

Product size: 230 x 190 x 276mm
Product material: ABS
Rated voltage: 100V~240V
Rated power: 25W
Water tank capacity: 4.0L
Rated mist output: 150~300ml/h

Key features:

- Double-layer water tank shell for durability and safety
- Top-fill water design for easy refilling
- Adjustable mist levels for personalized comfort
- Timer function for flexible daily use
- Sleep mode for quiet night-time operation
- Humidity control for precise indoor moisture
- Built-in aromatherapy box for added relaxation
- Automatic shut-off protection when water is low

Humidifier 0251VI

Product size: 220 x 190 x 650mm
Product material: PP+ABS
Rated voltage: 100~240V
Rated power: 25W
Water tank capacity: 8.0L
Rated mist output: 300ml/h

Key Features:

- Sensor touch switch for simple, intuitive control
- Infrared remote control for convenient operation
- Adjustable fog volume to suit comfort needs
- Intelligent monitoring with water-shortage protection
- Constant humidity maintenance for stable indoor air
- Sterilisation support for cleaner mist
- Timer functions for flexible daily use
- Built-in aromatherapy tray for added relaxation

Humidifier 0243VI

Product Size: 285 x 185 x 185mm
Product Material: ABS+PP
Rated Voltage: 100~240V
Water Tank Capacity: 4.0L
Rated Mist Output: 150~300ml/h
Rated Power: 25W
Noise (dB): ≤35dB
Applicable Area: 20-30m²

Key Features:

- Ultrasonic humidification for fine, even mist
- Separate water tank for easy filling and cleaning
- Touch control for simple operation
- Three mist output levels for daily comfort
- Sleep mode for quiet night-time use
- Built-in aromatherapy box for added relaxation
- Automatic shut-off when water level is low
- Optional functions: RGB lighting / Wi-Fi / Remote Controller

Humidifier 0242VI

Product Size: 285 x 185 x 185mm
Product Material: ABS+PP
Rated Voltage: 100~240V
Water Tank Capacity: 4.0L
Rated Mist Output: 150~300ml/h
Rated Power: 25W
Noise (dB): ≤35dB
Applicable Area: 20-30m²

Key features:

- Ultrasonic humidification for fine, even moisture
- Separate water tank for easy filling and cleaning
- LED electronic display for clear status information
- Touch control for simple, intuitive operation
- Three mist levels for adjustable comfort
- Timer function for flexible daily use
- Sleep mode for quiet night-time operation
- Adjustable humidity setting for precise control
- Built-in aroma diffuser for added relaxation
- Automatic power-off protection when water level is low
- Optional functions: RGB lighting / Wi-Fi / Remote Controller

Dehumidifier 0207VI

Product Size: 575 x 350 x 250 mm
Product Material: ABS
Rated Power: 580W
Applicable Area: 50~70m²
Water Tank Capacity: 6.5L
High Temperature
Dehumidification Capacity: 40L/D

Key features:

- Automatic shut-off when water tank is full
- Integrated top handle for easy carrying
- Automatic defrosting for reliable performance
- Adjustable fan speed with high and low settings
- Electronic control panel for clear, simple operation
- 0–24 hour intelligent timer
- Humidity adjustment mode
- Continuous dehumidification mode
- Sleep mode for quiet operation
- Adustable relative humidity from 30% to 90%
- Optional: UV lamp and Ion generator

Dehumidifier 0220VI

Product Size: 480 x 290 x 220mm
Product Material: ABS
Rated Power: 380W
Applicable Area: 20~40m²
Water Tank Capacity: 4.0L
High Temperature
Dehumidification Capacity: 20L/D

Key features:

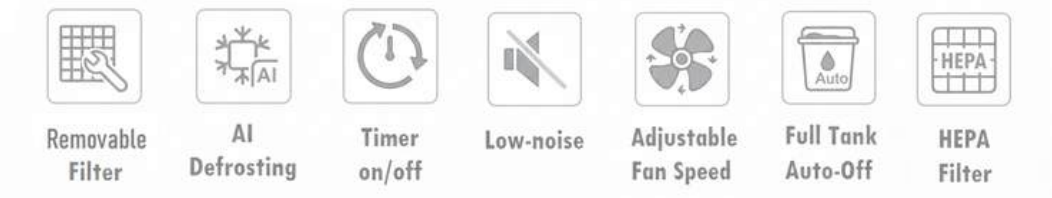
- Automatic shut-off when water tank is full
- Integrated top handle for easy carrying
- Automatic defrosting for reliable performance
- Adjustable fan speed with high and low settings
- Electronic control panel for clear, simple operation
- 0–24 hour intelligent timer
- Humidity adjustment mode
- Continuous dehumidification mode
- Sleep mode for quiet operation
- Adustable relative humidity from 30% to 90%
- Optional: UV lamp and Ion generator

Dehumidifier 0221VI

Product Size: 315 x 230 x 590mm
Case Material: ABS
Power: 270W
Water Tank Capacity: 6L
Coverage Area: 40-80m2
Dehumidifying Capacity: 20L/Day (30°C 80%RH)
Moisture Removal: 0.8kg/H (27°C 60%RH)

Key features:

- Removable and washable filter for easy maintenance
- Intelligent defrosting system for automatic operation
- Timed on/off function for flexible use
- Low-noise operation for quiet living spaces
- Selectable high and low fan speeds for efficient dehumidification
- Automatic shut-off when water tank is full
- Optional: ***Purification function*** with HEPA filter, removing PM2.5, formaldehyde, dust, odors, and secondhand smoke



Dehumidifier 0217VI

Product Size: 365 x 220 x 490mm
Case Material: ABS
Power: 285W
Water Tank Capacity: 2.3L
Coverage Area: 40-50m2
Dehumidifying Capacity: 20L/Day (30°C 80%RH)
Moisture Removal: 0.8kg/H (27°C 60%RH)

Key features:

- Built-in humidistat for humidity control
- Adjustable fan speed with high and low settings
- Low-noise operation for quiet living spaces
- Continuous drainage option for long-term use
- Automatic on/off with 24-hour timer
- Easily removable filters for simple cleaning or replacement
- Intelligent automatic defrost system
- Automatic shut-off when water tank is full

Dehumidifier 0219VI

Product Size: 415 x 290 x 170mm
Product Material: ABS
Rated Power: 178W
Applicable Area: 20~40m²
Water Tank Capacity: 2.5L
High Temperature
Dehumidification Capacity: 10L/D

Key features:

- Ultra-quiet operation at only 32 dB
- 24-hour timer for flexible daily use
- Adjustable fan speed with high and low settings
- Automatic defrosting for reliable performance
- Automatic shut-off when water tank is full
- Adjustable humidity setting for precise control
- Front ambient light design for easy monitoring of air humidity

Hi-Speed Hair Dryer

0729DB/SI

Product size: 98 x 68.7 x 252.7mm
Product material: ABS
Rated power: 1800W
Rated voltage: 220V

Key Features:

- 110,000 rpm high-speed motor for fast drying
- Over 200 million negative ions to help reduce frizz
- Quick-drying performance in around 3 minutes
- Intelligent 60 °C constant temperature control
- Magnetic air-concentrating nozzle with 360° rotation
- Three-colour light indicators for status display
- Removable filter for easy cleaning
- Low-noise design for comfortable use
- Three temperature settings
- Two airflow speed levels

Hi-Speed Hair Dryer

0730DB/SI

Product size: 90 x 70 x 260mm
Product material: ABS
Rated power: 1800W
Rated voltage: 220V

Key Features:

- 110,000 rpm high-speed motor for fast drying
- Over 200 million negative ions to help reduce frizz
- Quick-drying performance in around 3 minutes
- Intelligent 60 °C constant temperature control
- Magnetic air-concentrating nozzle with 360° rotation
- Three-colour light indicators for clear status display
- Removable filter for easy cleaning
- Low-noise design for comfortable use
- Three temperature settings
- Two airflow speed levels

Hi-Speed Hair Dryer

0749DG

Product size: 80 x 67 x 260mm
Product materials: ABS
Rated power: 1400W
Rated voltage: 220V

Key Features:

- Advanced hair care with 500 million negative ions
- High-speed motor with 110,000 rpm
- Intelligent constant temperature control
- Three temperature settings and two airflow speed levels
- Dual overheat protection
- Standard air nozzle included
- Built-in light indicators for function status

Hi-Speed Hair Dryer

0750DG

Product size: 83 x 66 x 261 mm
Product materials: ABS
Rated power: 1400W
Rated voltage: 220V

Key Features:

- Advanced hair care with 500 million negative ions
- High-speed motor delivering up to 110,000 rpm
- Intelligent constant temperature control for safe and consistent drying
- Three temperature settings and two wind speed levels
- Dual overheat protection for enhanced safety
- Standard air nozzle included
- Removable filter for easy cleaning and maintenance

Steam Iron 0702VI

Product size: 292 x 83 x 102mm
Product materials: ABS
Rated power: 1100W
Rated voltage: 220V
Water tank capacity: 0.25L

Key Features:

- Steam pressure penetration force up to 1 kg for effective wrinkle removal
- Quick steam release for fast ironing results
- Multiple ironing modes: flat, hanging, steam, and dry ironing
- Unique triple-heating, separated nozzle for even heat distribution
- Independent steam control switch
- Main power on/off switch

Steam Iron 0701VI

Product size: 292 x 83 x 102mm
Product materials: ABS
Rated power: 1100W
Rated voltage: 220V
Water tank capacity: 0.25L

Key Features:

- Steam pressure penetration force up to 1 kg for effective wrinkle removal
- Quick steam release for fast ironing
- Multiple ironing modes: flat, hanging, steam, and dry ironing
- Unique triple-heating, separated nozzle for even heat distribution
- Constant temperature soleplate for consistent results
- Independent steam control switch
- Main power on/off switch

Electric Kettle 0769VI/SV

Product Size: 199.2x136.5x211.4mm
Product Material: SUS304 stainless steel (Body & inner liner)
Rated Power: 800W
Rated Voltage: 220V
Rated Capacity: 0.8L

Key Features:

- Three-digit temperature display integrated into the handle
- Switchable Celsius and Fahrenheit temperature indicators
- SUS304 stainless steel inner liner for safe boiling
- Double-layer design with anti-scalding PP outer shell
- Handle injection-moulded in original colour for a clean finish
- Five preset temperature levels: 45 °C, 55 °C, 60 °C, 85 °C, and 100 °C

Electric Kettle 0735SV/VI

Product size: 200 x 137 x 215mm
Product material:
SUS304 liner + double-layer anti-scald PP shell with solid handle
Rated voltage: 220~240V
Rated power: 800W
Rated capacity: 0.8L

Key Features:

- High-quality thermostat for precise temperature control
- Rapid heating for quick and efficient boiling
- Solid handle with elegant wood-grain decoration
- SUS304 stainless steel inner liner for safe use
- Double-layer anti-scald PP shell for enhanced safety and heat insulation

Coffee Pod Machine 0302SV

Product size: 250 x 120 x 272mm
Product material: ABS
Rated voltage: 220V~
Rated power: 1450W
Water tank capacity: 750ML

Key Features:

- Compatible with Nespresso® capsule holders
- Instant heating system with water ready in 5 seconds, no preheating required
- Touch-sensitive button control for easy operation
- Powerful 20-bar motor pump for rich extraction
- One-touch brewing for a single cup; heating stops automatically after brewing to save energy
- Ready for use at any time with low power consumption
- Removable drip tray with three adjustable height settings
- Low-noise operation for a quieter coffee experience

Coffee Pod Machine 0301SV

Product size: 250 x 120 x 272mm
Product material: ABS
Rated voltage: 220V~
Rated power: 1450W
Water tank capacity: 700ML

Key Features:

- Compatible with K-CUP capsules for versatile brewing
- Hot water dispensed in just 5 seconds
- One-touch brewing for quick and convenient coffee
- Efficient performance with low power consumption
- Low-noise operation for a quiet coffee-making experience
- Removable water storage tray for easy cleaning and maintenance

Safety Box 0711VI/SV

Product Size: 125 x 400 x 350mm
Material: Steel
(Door: 5mm / Body: 1.5mm)
Rated voltage: 4-6V
Rated power: <2W
Opening method: Top Loading Door

Key Features:

- Seamless body
- International standard AI keyboard
- 3-6 digital password setting
- Larget LCD Display
- Low battery / error messages / programming messages, Combined password systems
- Low power consumption (alkaline battery life of more than one year)
- CEU and key emergency opening
- Optional hotel network management system control
- Optional 100-1000 last opened recordsSsuitable for laptops, disks and files storage

Safety Box 0713VI/SV

Product size: 150 x 400 x 350mm
Product material: Q235 steel plate, box 1.5mm, door panel 5mm thick
Rated voltage: 6V
Rated power: <2W
Opening method: Top Loading Door

Key Features:

- Matte polished
- Blue display & blue button with backlight
- With button sound
- 4-6 guest passwords
- Low battery indicator
- 100 on/off records
- Anti-tamper screw battery box
- 20 mm diameter double lock
- 4xAAA alkaline batteries
- gray carpet interior
- Family / Hotel mode
- Able to use with CEU100 decoder

Safety Box 0710VI/SV

Product size: 200 x 420 x 370mm
Product material: Q235 steel plate,
(Box 1.5mm, Door panel 5mm)
Rated voltage: 4-6V
Rated power: <2W
Opening Method: Door on the right

Key Features:

- Seamless body
- International standard AI keyboard
- 3-6 digital password setting
- Larget LCD Display
- Low battery / error messages / programming messages, Combined password systems
- Low power consumption (alkaline battery life of more than one year)
- CEU and key emergency opening
- Optional hotel network management system control
- Optional 100-1000 last opened recordsSsuitable for laptops, disks and files storage

Safety Box 0712VI/SV

Product size: 200 x 420 x 370mm
Product material: Q235 steel plate,
(Box 1.5mm, Door panel 5mm)
Rated voltage: 4-6V
Rated power: <2W
Opening Method: Door on the right

Key Features:

- Matte polished
- Blue display & blue button with backlight
- With button sound
- 4-6 guest passwords
- Low battery indicator
- 100 on/off records
- Anti-tamper screw battery box
- 20 mm diameter double lock
- 4xAAA alkaline batteries
- gray carpet interior
- Family / Hotel mode
- Able to use with CEU100 decoder

Torch C2001SV/DG

Product size: 130 x 35 x 35mm
Product material: ABS
Product battery:
built-in 3.7V/1250mAh/18650 lithium battery

Key Features:

- Lightweight and Convenient
- 1W/LED Chip: Energy-efficient lighting
- Night Glow Panel for easy visibility in the dark.
- USB Type-C Charging Port
- Battery Indicator
- Long Battery Life: Charges in 1.5 hours, providing over 12 hours of continuous lighting.
- Normal standby timr for 6-8 months.

New Sustainable Series

Photonic Energy Scale

6221VI / GR

Product size: 290 x 290 x 22mm
Display: 60 x 24mm (LCD)
Power: Built-in 400 mAh rechargeable battery with photonic energy support
Max. Capacity: 180kg/400lbs
Graduation: 50g/0.1lbs

Key features

- 4th-generation high-precision sensor
- Photonic Energy Scale technology for efficient power use
- LCD display with white digits
- 400 mAh rechargeable battery with photonic energy support
- Automatic activation when stepped on
- Overload and low-voltage indicator

New Sustainable Series

Kinetic Scale

9662SV

Product size: 300 x 300 x 23mm
Display: 82 x 31mm (LCD)
Power: No battery
Max. Capacity: 180kg/400lbs
Graduation: 100g/0.2lbs

Key features

- Sustainable Technology
- Battery Free
- Just press the central button of the scale
- Automatic on and off for more energy efficiency
- Over load indication
- Durable ABS Plastic back cover
- High load capacity up to 180 kg

New Sustainable Series

Bamboo Scale

Product Size: 300 x 300 x 30 mm
Display Size: 74 x 38mm (LCD)
Power: 1 x CR2032 Lithium battery
Max. Capacity: 180kg / 400lb / 28st
Graduation: 100g / 0.2lb

Key features

- Sustainable Material
- Rustic and natural appearance
- Easy to wipe clean
- With a warm foot feeling
- Automatic on and off for more energy efficiency
- Modern Curve shape design
- Anti-collision corners
- High load capacity up to 180 kg

8886BA

New Sustainable Series

Mechanical Personal Scale

Product Size: 316 x 306 x 53 mm
Dial Size: ϕ140mm
Max. Capacity: 180kg
Graduation: 1kg

Key features

- Unique Design: Distinctive round bezel.
- Extra Large Dial: Easy-to-read round dial.
- PVC Waterproof Mat: Easy wipe clean.
- Non-Slip Floor Mat: Waterproof and non-slip for added safety.

8710SV

Large Platform Scale

Product Size: 340 x 340 x 32 mm
Display: Dial and LCD Display
Power: 3 x AAA Batteries
Max. Capacity: 180KG/396 lb
Graduation: 100g / 0.2lb

Key features

- Duo Display in Dial and LCD display
- Large LCD with blue backlight
- Spacious platform for easy to use
- Daily reminder alarm
- Auto on and off for energy efficiency
- Overload / Low Battery indicator

9697VI/SV

Smart Scale

Product Size: 300x300x25 mm
Display Size: 80 x 40 mm (White LED Diplay)
Power: 4 x AAA batteries
Max. Capacity: 180kg
Graduation: 0.05kg

Key features

- ITO Conductive Tempered Glass Platform
- Durable ABS Plastic back cover
- Free APP for smart phone
- With bluetooth
- Measure for body weight, BMI, muscle%, muscle mass, water%, protein intake and bone mass
- Easy start with Step On the product
- Overload / Low battery indicator

Max. Capacity: 180kg / 400lb / 28st
Graduation: 100g / 0.2lb

Key features

- Custom-made design logo
  (Option: Red / Blue / Whie LED light)
- Logo with LED light automatic turn on after use
- Premium 6mm Templeted Glass Platform
- Full coverage and durable ABS Plastic back cover
- Automatic on and off for more energy efficiency
- Overload / Low Battery indicator

Anti-slip Glass Scale

9653SV

Product size: 310 x 300 x 24 mm
Display size: 70 x 30mm (LED display)
Power: 4 x AAA Batteries
Max. Capacity: 180kg / 400lb / 28st
Graduation: 50g / 0.1lb

Key features

- Anti-slip tempered glass ensures stable and secure footing.
- Full Coverage Bottom Cover provdes complete protection.
- Base Material: ABS plastic is lightweight and impact-resistant.
- Tempered Glass: The 5mm thickness enhances durability.
- Overload Indicator
- Low Battery Reminder

Anti-slip Glass Scale

9654SV

Product size: 310 x 300 x 24 mm
Display size: 70 x 30mm (LED display)
Power: 4 x AAA Batteries
Max. Capacity: 180kg / 400lb / 28st
Graduation: 50g / 0.1lb

Key features

- Anti-slip tempered glass ensures stable and secure footing.
- Full Coverage Bottom Cover provdes complete protection.
- Base Material: ABS plastic is lightweight and impact-resistant.
- Tempered Glass: The 5mm thickness enhances durability.
- Overload Indicator
- Low Battery Reminder

Anti-slip glass scale

9691SV

Product size: 300 x 300 x 24 mm
Display size: 81 x 43 mm (LCD with Blue Backlight)
Power: 2 x CR2032
Max. Capacity: 180kg / 400lb / 28st
Graduation: 100g / 0.2lb
Product material: Tempered glass + ABS bottom cover

Key features

- Scale surface material: Anti-slip tempered glass
- Full Coverage Bottom Cover provdes complete protection.
- Base Material: ABS plastic which is lightweight and impact-resistant.
- Overload indicator
- Low battery reminder

Large Display Scale

9647VI

Product size: 310 x 300 x 22 mm
Display size: 75 x 30mm (LED display)
Power: 2 x AAA Batteries
Max. Capacity: 180kg / 400lb / 28st
Graduation: 100g / 0.2lb

Key features

- Templeted Glass Platform
- Super white glass with sleek design
- Large digit LED display
- Spacious platform for easy to use
- Automatic on and off for more energy efficiency
- Overload / Low Battery indicator
- High load capacity up to 180 kg

Premium Glass Scale

9692SV

Product size: 300 x 300 x 22 mm
Power: 4 x AAA Batteries
Max. Capacity: 180kg / 400lb / 28st
Graduation: 100g / 0.2lb
Product material: Tempered glass + ABS bottom cover

Key features

- All-inclusive ABS bottom shell
- LED red display, invisible window
- Automatic on and off for more energy efficiency
- Overload indicator
- Low Battery indicator

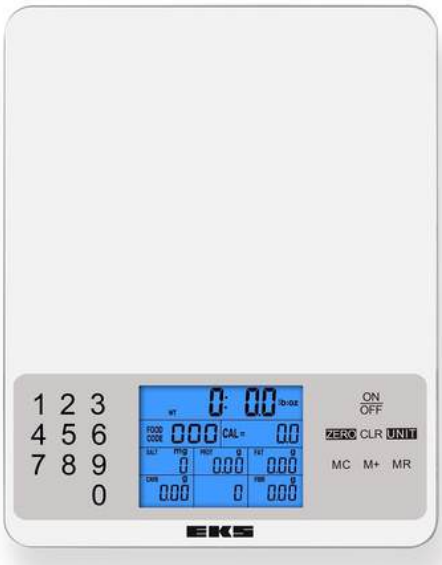
Waterproof (IXP7) Glass Scale

9878SV

Product size: 300 x 300 x 22 mm
Power:USB+ built-in 200mAH rechargeable lithium battery
Max. Capacity: 180kg / 400lb / 28st
Graduation: 100g / 0.2lb
Product material: Tempered glass + ABS bottom cover

Key features

- The industry's first rechargeable and fully waterproof human body scale,
- Waterproof fully covered ABS bottom shell.
- Dust-proof and anti-rollover
- Waterproof level up to IXP7
- Large-scale feet with silicone
- anti-slip pads.
- Red LED with temperature and power display Invisible window
- Automatic weighing



8272VI

Nutrition Scale

Product Size: 200 x 160 x 18mm
Capacity: 5kg / 11lb
Division: 1g / 1.0oz
LCD Display Size: 60 x 45mm
Power: 2 x AAA Batteries (included)
Unit: g, lb:oz, oz, ml

Key features

- Nutritional data: 999 food codes and 7 nutritional components containing Calories, Sodium, Protein, Fat, Carbohydrate, Chol and Fiber
- Sensor touch operation
- Tare function
- Measure volume of liquids. ml / fl'oz
- Low power / Over load indication

8316VI

Kitchen Scale with Bowl

Product size: Φ194 x 88mm
LCD display size:51 x 22.5mm
Capacity: 5kg / 11lb
Division: 1g / 0.1oz
Power:1 x CR2032 lithium cell battery (included)
Unit: g, lb:oz, oz, ml

Key features

- Ideal as pet food scale
- Premium detachable 304 stainless steel bowl (1L)
- Pull in and pull out LCD display head
- Removable SS bowl for easy cleaning
- Measure volume of liquids. ml / fl'oz
- Low power / Over load indication
- Manual on / Manual off / Auto off

8315VI

Large Display Kitchen Scale

Product size: 153 x 135 x 27 mm
LCD Display Size: 51 x 22 mm
Capacity: 5kg / 11lb
Division: 1g / 0.1oz
Power: 2 x AAA Batteries (included)
Unit: g, lb:oz, oz, ml

Key features

- Super Silm design in 27 mm height only
- Large LCD Display
- Measure volume of liquids. ml / fl'oz
- Low power / Over load indication
- Manual on / Manual off / Auto off

8310VI

Extra Large Display Kitchen Scale

Product Size：195 x 130 x 28mm
Capacity: 5kg or 10kg
Division: 1g / 0.1oz / 0.05oz / 1ml
Display Size: 70 x 40mm
Power: 2 x AAA Battery
Unit: g, lb:oz, oz, ml

Key features

- Extra Large LCD display with big digits
- With Hidden hook for easy storage
- Sensor Touch on
- Tare Function
- Measure volume of liquids. ml / fl'oz
- Low power / Over load indication

8282SV

Kitchen Scale with Indoor Temperture & Timer

Product size: 218 x 188 x 18mm
LCD Disply Size: 62 x 28mm
Capacity: 5kg / 11lb
Division: 1g / 0.05oz
Power: 3 x AAA batteries (included)
Unit: g, lb:oz, oz, ml

Key features

- Countdown timer
- Indoor Temperature display
- Tare Function
- Measure volume of liquids. ml / fl'oz
- Low power / Over load indication
- Manual on / Manual off / Auto off

8151SV

USB Charging Kitchen Scale

Product Size: 223 x 163 x 18mm
LED Display Size:58.5 x 26mm
Capacity: 10kg / 22lb
Division: 1g / 0.1oz
Power: USB Charging (Type-C included)
Unit: g, lb:oz, oz, ml

Key features

- Full plastic back housing
- USB Charging
- Large capacity in 10kg / 22lb
- Sensor touch operation
- Tare function
- USB rechargeable with Type-C charging port
- Side push button control on/off

8317BA

Bamboo Kitchen Scale

Product size: 264 x 205 x 33 mm
Capacity: 5kg / 11 lb
Division: 1g / 0.1 oz
LCD Display Size: 51 x 22.5 mm
Power: 2 x AAA batteries (included)
Unit: g, lb:oz, oz, ml

Key features

- Sustainable Material
- Water Proof level IPX6
- Over-lapping design for chopping board and scale
- Easy storage and slim design
- Anti-Silppery silicone feet
- Measure volume of liquid, ml / fl'oz

8290BA

Bamboo Kitchen Scale

Product Size: 188 x 218 x 18mm
Capacity: 5kg / 11lb
Division: 1g / 0.1oz
LCD Display Size: 62 x 28mm
Power: 3 x AAA batteries (included)
Unit: g, lb:oz, ml, oz

Key features

- Strong bamboo platform
- Light product weigh as low as 202g only
- Measure volume of liquids. ml / fl'oz
- Low power/Over load indication
- Manual on / Manual off / Auto off

8306BA

Bamboo Kitchen Scale

Product size: 200 x 165 x 19mm
Capacity: 5kg / 11lb
Division: 1g / 0.1oz
LCD display size: 42 x 19mm
Power: 2 x AAA batterie (included)
Unit: g, lb:oz, ml, oz

Key features

- 4mm bamboo platform
- Touch sensor operation
- Large LCD with blue backlight
- Measure volume of liquids. ml / fl'oz
- Low power/Over load indication
- Manual on / Manual off / Auto off

8304BA

Bamboo Kitchen Scale

Product Size：241 x 181 x 18 mm
LCD Display Size: 62 x 28mm
Power: 1 x CR2032 Battery
Max. Capacity: 10kg / 22lb
Division: 1g / 0.1oz
Unit: g, lb:oz, ml, oz

Key features

- Sustainable Material
- Large capacity in 10kg / 22lb
- With Pull-out LCD Display Head
- Non Slip fully wrapped base
- Rustic and natural appearance
- Easy to wipe clean
- Measure volume of liquids. ml / fl'oz

8305BA

Bamboo Kitchen Scale

Product Size: 200 x 160 x 18mm
Capacity: 10kg / 22lb
Division: 1g / 0.1oz
LCD Display Size: 58 x 26mm
Power: 2 x AAA batteres (included)
Unit: g, lb:oz, oz, ml

Key features

- 5mm bamboo platform
- Reverse LCD Diplay with backlight
- Large capacity in 10kg / 22lb
- Backlight function
- Full ABS back cover
- Touch sensor operation
- Premium engrave logo
